

Charles County farms work hard to provide food to our community, even through difficult times. Below is a list of local farms operating to provide the community with farm store hours, pick-up appointments, or other opportunities to access farm fresh produce and goods.

Although we will try to keep this list as up-to-date as possible, most of these local farm pages are frequently posting with new information and offerings.

\*If you are or know of a local farm not yet listed, please message [Charles County Agriculture](#) with farm information, offerings, and hours of availability\*

[Billingsley Farms](#), White Plains

[Bowling Greenhouse at Jameson Farm](#), Bryantown

Honor system stand open. Pop-up appearances in Bryantown.
